SER 402
Sponsor meeting minutes 8

Date: 10/08/26

Time: 2:00pm MST – 2:30pm MST (30 minutes)

Attendees: Matthew Edlin, Jair Franco, Colin Tugend, and Dr. Heinrichs (as sponsor).

Topics Covered:

- Physical-device testing
    - Sponsor would like one documented iOS and Android device configuration for proof of concept.
- Demonstration with the sponsor's organization
    - Short video to show the app running on actual phones (including basic incident interactions)
    - Would like an updated UI and alternate designs.
- Review of GPS and incident timing:
    - Think of different ways to offset battery constraints and present possible solutions.
- Image analysis:
    - Explore vehicle detection, vehicle color, make/model id, and license plate recognition.
    - Think of possible solutions and code demos to present at the next meeting.

Action Item List:

- Get the app running on both iOS and android physical devices:
    - Owner: Matthew and Christopher
    - Timing: 10/22/2026
- Prepare a demonstration of the current UI
    - Owner: App team
    - Timing: 10/22/2026
- Decide best meeting arrangement between dev teams and the Rob-Dollar Foundation:
    - Owner: Sponsor
    - Timing: Next 2-3 weeks
- Research image-analysis options:
    - Owner: App team
    - Timing: 10/23/2026

Next Meeting: 10/22/2026 at 2pm MST
